The Experience

Enoshima Aquarium offers an outstanding panorama of Sagami Bay. Turn to the right to see Japan's most famous mountain, Mount Fuji, and to the left there is scenic Enoshima Island.
The themes of "Sagami Bay and the Pacific Ocean" together with "Marine Life" inhabiting these bodies of water are woven together throughout this edutainment-style aquarium. Have fun as you learn about the sea and surrounding environment. This experience provides you the opportunity not only to enjoy magnificent scenery and unique exhibits, but also the chance to take a guided behind-the-scenes tour of the aquarium. This is a delightful adventure worth experiencing.

Sales Points

• Convenient location near Enoshima and Kamakura makes it easy to include in sightseeing routes.
• Sagami Bay Zone, Jellyfish Fantasy Hall, and other exhibits are sought-after favorites. The jellyfish display is truly eye-catching and a great spot for a souvenir snapshot.
※Please note that no photos are allowed during the behind-the-scenes tour.
